ROAD CLOSURES

If your event involves road closures, a parade, other procession, or more than one location, please attach a Route and Traffic Plan. Include the required information (listed below) and any additional information that you believe apply to your event. When planning a moving route, the Greenville Police Department is available to assist you in planning your route.

- The proposed route to be traveled including the requested starting and termination point. Please also clarify the direction of movement of your event.

- Routing plans for traffic. Illustrate a plan to include roads that you are requesting to be closed to vehicular or other traffic for your event. Include planned arrangements to resolve conflicts with people trying to reach hotels, their own residences, businesses, places of worship and public facilities including public transportation such as busses and trolleys.

- Whether the event will occupy all or a portion of the street(s) requested for use.

- Proposed locations for barricades, signs and police/volunteers. This portion of your Route and Traffic Plan may be supplemented with the assistance of the City of Greenville after initial submission of the application.

- All vehicles should be off event site one hour prior to the event start time.

- The provision of fifteen foot (15') minimum emergency access lanes throughout the event site.

- Event must maintain pedestrian access on public sidewalks.

- No marking the trail or staking signage into the ground on the Swamp Rabbit Trail. Only chalk and A frames with signage on them are permitted.

- A white temporary water base pavement paint can be used on the streets to mark the course. If the paint doesn't come off the pavement within a month after the event, the applicant will have to pay to have it removed.

Please Note: The City of Greenville Police Department has final discretion over your Route and Traffic Plan including, but not limited to, the placement and number of all barricades, signs and police/volunteer locations.
